PROFESSIONAL SUMMARY

I am a Digital Copywriter and UX Content Strategist with 4+ years of experience creating user-focused content for digital products, SaaS platforms, marketing funnels, and editorial platforms.

With a background in Psychology, I combine user behavior insights with content strategy to create clear, engaging experiences that help users understand products, complete actions, and build trust with brands.

My expertise includes UX writing, product messaging, onboarding experiences, conversion-focused copy, SEO strategy, CRO optimization, email marketing, and research-driven content creation.

I specialize in transforming complex ideas into simple, human-centered communication that improves user experience, increases engagement, and supports business growth.
